FOREWORD

Young learners who have entered International Islamic University Chittagong (IIUC) shall witness here a new approach to Higher Education that is unique in this country. It is the avowed objective of the IIUC authority to create a moral and spiritual awareness among its student, through its curricular programmes, alongside imparting modern knowledge of the physical world and human institutions. In other words, we in this University believe that any Higher Education System with any pretension to human development must address itself to the needs of the spirit as much as those of the mind. Over the past half century the world has watched helplessly a gradual delinking of the moral content from the main corpus of University Education. Needless to say, the consequences of this schism have been far from happy; the contemporary world, in terms of unending conflict and dissension in both national and international spheres, seems to have been paying a rather high price for neglecting this aspect of education. IIUC in its own modest way and within its limited scope, strives to set right this imbalance - the success or otherwise being largely dependent upon how members of the University respond to the challenge.

Student Affairs Division (STAD) is the agency through which IIUC seeks to translate into sensible terms this new approach. The present Guide gives students a glimpse into STAD's wide ranging programmes and activities aimed at this direction.

I urge upon Freshers to come forward with enthusiasm and energy to take part in these activities making them a success.

Note from the Director Student Affairs Division

All praise be to Allah (SWT) Who has enabled us to bring out this Students Guide.

IIUC's 'Students Guide' has been published to assist our students in smoothening their transition into University life. One of the most exciting period of a person's life is University life, and therefore everyone should take the fullest advantage and use one's time here to the maximum in the pursuit of academic excellence.

As an International Islamic University, International Islamic University Chittagong (IIUC) is not only giving emphasis on the curricular development but also co-curricular development. Our student development is focused on three inter-related aspects- mental, spiritual and physical. With this, our vision is to produce well-mannered and integrated individuals, who at the same time are skillful in their respective discipline. Hence students' participation in the co-curricular activities particularly will undoubtedly enhance the vision. This will eventually lead to mentally and emotionally mature individuals.

This 'Students Guide' is an updated publication pertaining to services and information provided by the Student Affairs Division to the students. I believe this will be helpful during students stay in IIUC.

It is not free from errors & imperfections,. Therefore, all are welcome to forward any comments or suggestions to Student Affairs Division that will help to make our future editions more complete and informative.

I would like to thank IIUC authority specially Prof. Mohammad Ali – Vice-Chancellor, Prof. Dr. Abu Bakr Rafique – Pro Vice-Chancellor and Mr. Md. Mamunur Rashid, Senior Assistant Director, for their contributions, suggestions in making this publication a success. May Allah grant our all efforts and give best reward in hereafter.

Introduction to International Islamic University Chittagong

Background

International Islamic University Chittagong (IIUC) is one of the Government approved Private Universities in Bangladesh. The credit for the idea of establishing this university goes to Islamic University Chittagong Trust (IUCT) which is the founder organization and sponsoring authority of the University. This trust is a non-political, non-profit oriented voluntary organization. It is registered with the Government of the People's Republic of Bangladesh under the Societies Act XXI of 1860. This trust felt the need for a University under private initiative in view of absence of institutions of higher learning based on Islamic vision of life in the public sector. Based on an idea which had its origin in 1990, the trust discussed the concept of a Private Islamic University with a group of intellectuals, Islamic thinkers, researchers and educationists, at home and abroad. None but these Islamic personalities came forward to materialize the idea of such an institution by putting together their ideas, energies and financial supports. In 1992, they established an anchor organization called Islamic University Chittagong Trust (IUCT), Under the aegis of this body and by the grace of Allah (SWT) International Islamic University Chittagong got the Government approval on 11.02.95 and the University was founded in the same year accordingly. Thus, a long-cherished dream of the people of Chittagong, Bangladesh came true.

Legal Aspect

The founding of International Islamic University Chittagong was made possible by the passage of a historic Act of Parliament in 1992-*"The Private University Act, 1992."* In the history of the development of the institutions of higher education in Bangladesh, this Act, for the first time, created opportunity for establishment of Universities in the Private Sector through private enterprise, subject to clearance of their academic curricula and syllabi by the **University Grants Commission (UGC)** of Bangladesh and thereafter, final approval by the Government of Bangladesh.

Having fulfilled the requirements as laid down in the Private University Act of 1992, and after obtaining the necessary clearance from University Grants Commission (UGC), and the permission of Government of Bangladesh (GOB) through the Ministry of Education, IIUC started functioning in 1995 with three Faculties, e.g. **Faculty of Shar'iah & Islamic Studies, Faculty of Modern Sciences and Faculty of Administrative Sciences.**

The Private University Act, 1992 empowers IIUC to frame its own Statutes, Ordinances and Regulations governing the manifold activities of IIUC-academic, administrative, financial, students welfare, discipline etc. Most statutory bodies formed under the provisions of the Act have since been functioning.

The Charter of IIUC as framed within the provisions of the Act and as approved by the Government empowers the University to confer degrees in various disciplines.

International Islamic University Chittagong

International Islamic University Chittagong (IIUC) is a private university established in 1995 under 'The Private University Act 1992' in the Port-City Chittagong, the second largest city of Bangladesh. 'Islamization of knowledge' is the motto of this university.

There are about 13 public Universities in Bangladesh (including the Engineering and Agricultural ones), which are run by the Government, funded by the Government, aiming at creating scope for Bangladeshi students for higher education. Needless to say, our motto "The Islamization of knowledge"-concerns men and women alike, where in our strivings for the latter are more vital than usual. We believe that in the arena of social reconstruction and upliftment women participation is basic and potential making a better and rewarding world to live in.

Regulations regarding Dress Code and Norms for Girl Students are mentioned below. We strongly hope that they would honour these as committed students of International Islamic University Chittagong.

1. A Girl student must cover the whole of her body, excepting the face and last portion of her hands beyond the wrists, however, we appreciate those who are accustomed to observe full 'purdah'.

The Quranic Injunctions And the Prophetic Advices Regarding the Observance of Purdah.

The following Quranic verses may be mentioned in this regard :

- a. "Say (O Mohammad) to the believing men, that they should lower their gaze and guard their modesty : that will make for greater purity for them and Allah is well acquainted with all that they do" (Al Nur:30)
- b. And say to the believing women that they should lower their gaze and guard their modesty, that they should not display their beauty and orna-

ments, except what (must ordinarily) appear thereof; that they should draw their veils over their bosoms and should not display their beauty except their husband, their fathers, their husband's fathers, their sons, their husband's sons, their brothers or their brothers' sons, or their sisters' sons, or their women, or the slaves whom their right hands possess, or male servants free of physical needs or tiny children who have no shame of sex, and that they should not strike their feet in order to draw attention to their hidden beauties, And O the believers' turn you all-together towards Allah, that you may attain bliss. _ [Al Nur :31]

- c. O prophet! tell thy wives and daughters and the believing women that they should cast their outer garments over their persons (when abroad) that is most convenient that they should be known (As such) and not molested. And Allah is Oft for giving Most Merciful [Al Ahzab-59]

Prophetic advice regarding observance of hijab

- d. It is narrated by Asma bint Abi Bakr sister of Hazrat Ayesha (R.) that once prophet (Sm) saw her revealing some portions of her body. Then prophet (Sm) said to her; O Asma when a girl appears to maturity of age she should not reveal any portion of her body except this he indicated to his face and his palms.

Importance of obeying the Quranic Instructions and Prophetic advice for the believers :

We would like to quote here a verse from the Quran which gives us a guideline, It says :

It is not fitting for a Believer, a man or woman when a matter has been decided by God and His Apostle, to have any option about their decision. If any one disobeys God and His Apostle, he is indeed on a clearly wrong path -[Al-Ahzab-36]
