President

People's Republic of Bangladesh
Dhaka

I welcome the 3rd Convocation of the International Islamic University Chittagong (IIUC).

Quality education is of the essence to face the challenges of the 21st century. We need huge capable human resources for the rapid development of the country. Universities, both private or public, have a great role to produce efficient human resources. I call upon all concern to come forward in this regard.

I welcome all the graduating students of IIUC and wish them a bright future.

I wish the Convocation a great success.

Allah Hafez, Bangladesh Zindabad.

I am so happy to know that the 3rd Convocation of International Islamic University Chittagong is being held on 5 April 2007. I take this opportunity to congratulate the authorities of the University and the graduates, their parents and guardians on this august occasion.

Everybody knows that International Islamic University Chittagong is an institution with a difference. It imparts contemporary knowledge in consonance with Islamic epistemology and moral values. I am sure the graduates would turn out to be the ones with a difference and make their presence felt in the society. The society needs their creative roles at this point of time in our history.

I wish the occasion a grand success.

I am happy to learn that the 3rd Convocation of International Islamic University Chittagong (IIUC) is going to take place on April 05, 2007. Convocation is an auspicious occasion for a student and University as well. I felicitate the students, faculty members and administration for their efforts to organise the Convocation which is an important event for the graduating students.

Education is the backbone of a nation. Quality education enhances quality of life. Quality education involves curricular, co-curricular and extra curricular activities of students. Our universities should provide sufficient scope for the above activities, So that the students can unfold their full personality.

Private Universities came out as the pragmatic necessities of creating efficient manpower for the development of the country. I hope IIUC will make substantial contribution to meet the growing needs of higher education.

I wish the 3rd Convocation of IIUC all success.

All praises are due to the Lord of the Universe and peace be upon the best of all messengers and the leader of the Prophets, and also be upon his family members and the companions.

I am really delighted to know that International Islamic University Chittagong (IIUC) is going to organize its 3rd Convocation on 5th April 2007 for passing out 2359 graduates with Graduate & Post Graduate Certificates in different disciplines.

I am also glad to note that International Islamic University Chittagong (IIUC) has, by this time, been able to make for itself a prestigious position of high reputation at home & abroad through offering quality education and producing competent graduates combining professional excellence and moral height.

I strongly hope that those who are going to be conferred the degree in this august occasion will be able to bring significant changes in the society and will make meaningful contributions to the benefit of the Muslim Ummah and welfare of humanity.

I pray to Allah, the Almighty for their bright success, prosperous life in this world and an abode of peace in the life hereafter.

International Islamic University Chittagong

On the auspicious occasion of the 3rd Convocation of International Islamic University Chittagong (IIUC), I congratulate all the new graduates for attaining an important milestone in their lives. I believe that the knowledge, which the graduates acquired from the curricula of IIUC, will show them the right way and enable them to lead their lives in the best possible manner. I am quite confident that the graduates will contribute to the welfare of the nation as well as to humanity. Their success will enhance the image of IIUC further.

Since its inception 12 years ago IIUC has registered a covetable growth rate, with its present roll strength of 5594 students pursuing in as many as 11 disciplines under 5 faculties. The avowed objective of producing skilled manpower with modern knowledge coupled with consciousness in morality is the priority of the University. It had to overcome daunting challenges with remarkable resilience. All these have been possible with the help of a group of well-motivated people resolute in their efforts.

IIUC is now regarded as a premier institution of excellence for providing quality education in Bangladesh. The year ahead will be an especially challenging one, as IIUC prepares for further competitive arenas of higher education in order to produce its graduates capable of coping with the changing environment due to globalization.

On this august and colorful occasion I felicitate the graduates once again for their successful completion of the programs of studies at IIUC. Further, I convey my deepest appreciation to the founders, patrons, guardians, students and all those who have come forward to contribute towards its growth and development.

I wish the Convocation all success.

All praises are due to Almighty Allah (SWT) and Peace be upon our Holy Prophet Muhammad (SM).

It is a matter of great pleasure for us that International Islamic University Chittagong (IIUC) is going to hold its 3rd Convocation on April 05, 2007. It is also a matter of great pride that I, on behalf of the Islamic University Chittagong Trust (IUCT), have got the opportunity of bidding felicitation to the graduating students on their successful completion of different programs at IIUC.

I would like to remind the graduates that they are now citizens of the global village. To face the challenges of globalization they are to equip themselves with global expertise and quality education. With this end in view IIUC has been making continuous efforts for offering quality education.

I beseech the Almighty Allah (SWT) to strengthen the spirit and the quest for the pursuit of knowledge in all the graduates, so that we may ensure meaningful and active participation of the Muslim Ummah in all branches of knowledge.

I wish the Convocation Ceremony a success.

All praises are due to Allah, the Lord of the Universe and peace and blessings of Allah be upon our Prophet Muhammad (Sm) and all of the members of his family and companions.

The publication of the Souvenir on the auspicious occasion of 3rd Convocation of International Islamic University Chittagong (IIUC) on 5th April '07 is a commendable achievement of the University and it is indeed a great pleasure for me to take the opportunity of writing few words in this occasion.

On this ceremonial occasion I would like to extend heartfelt thanks to all concerned of this University, the castle of Islamic thoughts and Ilm (Knowledge) particularly to those who are bearing the heavyweight responsibility of enriching the students proving acquired knowledge combined with revealed knowledge and congratulating the successful graduates and their proud parents.

I strongly believe that this Souvenir will play an important role in upholding the image of this University in the global context. It will provide the confidence in the Muslim Ummah because this souvenir will bear the testimony of the historic record of its gradual progress and grand achievement.

Since its inception IIUC has been functioning with an avowed objective of producing complete men and skilled manpower with modern knowledge in consonance with Islamic epistemology and ethical values and I steadfastly believe that the knowledge which the students acquired from the curricula of IIUC will show them the right path and will enable them to lead their live in the best possible way in this world and salvation in the life hereafter. This is also expected that the students of this University will contribute to the welfare and progress of the nation as well as to the humanity and in the long run, their success will glorify the eminence of IIUC.

I must also thank the members of overseas who have so kindly undertaken the trouble of coming all over from long distance in order to participate the Convocation and encourage us in building an exceptional and unique University that would serve every on in the Muslim Ummah.

May Allah (SWT) help IIUC to grow from strength in the years to come with its declared noble vision and mission.

Pro Vice-Chancellor

& Convener,
Organizing Committee for 3rd Convocation-2006
International Islamic University Chittagong

In the name of Allah, the most Merciful, the Beneficent

I express my heartfelt gratitude towards Almighty Allah (s.w.t.) for His special favor on International Islamic University Chittagong (IIUC) that He enabled us to continue our journey towards the noble objectives since its inception. Alhamdulillah, IIUC has witnessed a tremendous success in respect of quality education, providing the logistics for the students, offering new programs of study and also in respect of ever-increasing students population.

IIUC has succeeded to make for it a prestigious place through being recognized as one of the Top Graded Non-Government Universities of Bangladesh as evaluated by a high powered Accreditation Team, constituted by the Ministry of Education headed by the Chairman of UGC for assessing the Private Universities. We can claim that IIUC has attained this prestigious position by dint of its own quality and commitment.

IIUC has never considered education a commodity and the University a business organization but we always remain committed to offer quality education with a moderate package of fees and charges, affordable by the middle class of the society, keeping the scope open to the talented students for obtaining scholarships and financial assistance based on their performance.

IIUC's integrated education policy enables the students for equipping themselves with multi-dimensional expertise and all round personality. Being an International University, IIUC's facilities are not limited to the Bangladeshies only, it is rather open to all the seekers of knowledge beyond the regional boundary of the country.

This time, we are organizing our 3rd Convocation to confer degrees on as many as 2359 students, graduated from Nine Departments under Five Faculties. Earlier 666 students had graduated in two convocations held in 2002 & 2003 respectively.

We hope, this new generation of IIUC graduates shall be able to make meaningful contributions towards the development of the nation and advancement of the Muslim Ummah through exercising professionalism, expertise and morality.

May Allah (s.w.t.) bestow them all with best of Tawfique.

Student Affairs Division, IIUC

Convocation is one of the most ceremonial programs in our life, specially for the people with tertiary level education, where the degrees are being conferred on the graduates who succeeded in accomplishing the great job.

As, one of the greatest seats of the higher learning in Bangladesh, one of the best private universities of the country, having highest number of full time faculty members, largest permanent campus, the only university with separate and secure campus for its female students International Islamic University Chittagong added another feather in the crown of credits arranging its 3rd convocation for 2359 graduates.

Number of graduates may be ignored when a good number of them are unemployed or employed in non-befitting areas. But it's our pride that, IIUC graduates have already been employed in the reputed organizations in public and private sectors. Our science faculty graduates are placed in good positions in the leading IT, Software, Cell and other large reputed companies, business graduates are being employed by leading business houses, all of the shariah graduates are working in renowned scholastic positions. It shows something very significant for the university and its future trend, especially for the interested students and their guardians to think about. IIUC graduates proved the justification of IIUC slogan, "IIUC combines quality with morality".

Convocation seems to be the presentation of flowers with different colors and fragrances in a vase to show up the achievements, beauties of the gardeners. IIUC is going to be a garden of knowledge, virtue and creativity. Different faculties are the different gardens, the faculty members are the gardeners while the students are the flowers. We hope colors and fragrances of our graduates will please the people of the country and the world at large.

This souvenir is a very humble attempt to keep the records of the university's academic achievement, its strength and weaknesses, previous convocations, a colorful photographic presentation of over all activities of this growing university. Editorial board made possible every effort to publish an error free, well documented souvenir one, there might remain some errors and mistakes. We hope, the learned readers will take those as humanly mistakes, not intended.

May this souvenir carry the message of IIUC to the hearts of the readers.

Assalamo Aliakum

I am indeed very happy to have been invited by the syndicate of the International Islamic University Chittagong as the Convocation Speaker at the third convocation of the University. I am fully aware that I hardly deserve this privilege and feel that this could have been done much better by a more competent personality. Being overwhelmed by the affection and love shown to me by the syndicate I am here to perform this onerous duty with a deep sense of gratitude.

Having been in the teaching profession for the last five decades I have no hesitation to assert that the system of education, evolved in our society overtime, is despairingly too narrow for the full-blown development of moral values at the individual level and close we-feelings at the societal level. Much of what we want to be in the future both individually and nationally depends on how we shape the next generation through a balanced system of instructions.

Indeed the teaching of science and technology and other modern disciplines are indispensable for establishing human control over physical nature with a view to making life easy, comfortable, dynamic, vibrant. Otherwise human living would be reduced to a sea of sorrows, grief, miseries and utter helplessness. It is equally important that teaching of morality and religious beliefs is essential for disciplining human nature so that life may be balanced, sober, happy and contented. Otherwise, human beings may turn out to be indifferent and casual in attitude and sadist, cruel and violent in nature. For a happy life the intellectual skill, which is the outcome of the existing system of education, should be happily married with spiritual vigor, which stems out of moral values and religious beliefs.

The development of the intellect and of the moral force are not only intimately related but in fact are inextricably linked up in terms of origin also. Just as there is an order in nature in the form of laws of science, so too is there a moral order. The academics must strive to re-orient the belief that there is a transcendent moral order and it has to be restored as the central axis of the system of education. Many eminent thinkers have asserted that human happiness is dependent on living our lives in accordance with this transcendent order. Not only that, peace and order within human society largely demand a respect for this order.

It has also been asserted by many a one that the education which ignores moral and religious belief can not qualify as a quality education. And it is the quality education which can globally serve peace, generally care for emancipation, universally bring about happiness, continually develop nature and make the whole world a happy habitat for the man kind.

In this connection the view expressed by our national poet *Kazi Nazrul Islam* in a speech in 1940 is also in order. He said: "*We have to understand and realise the true meaning of everything that has*

been created and enjoy them in full. For helping us to understand all these, we pay our compliments to the scientists of this age because they are the ones who want to discover the secrets of all creations. They proceed with indomitable courage and unflinching self-belief. Let this unconquerable self-reliance be reflected in the lives of our youths so that they may realise clearly the nature and essence of all creations of the Universe". Then he said: "Allah is the greatest Creator. His creations know no limit. The glorious creations of the sun, moon and stars are but symbols. The urge and passions for going deeper into these greatest phenomena constitute the noblest of human missions. And all these demand an open mind and a spectacular life."

Our social landscape is strewn with thousands of academic institutions of various hues, but none but a few have been designed to cater to the right kind of needs of our boys and girls. The International Islamic University Chittagong seems to be one of the lone sojourners in this uneven terrain. Here is our warm congratulations to this University and to the distinguished members of the Trust, who, despite the anti-Islamic hysteria in the West, have charted a new course of imparting contemporary knowledge in consonance with Islamic epistemology and ethical values since 1995.

Everybody knows that the events of 11 September 2001 have, above everything else, brought the Muslim world and Islamic civilization face to face with the west in a format of enemy stereotype. The recent developments have unfolded seemingly in the form of a Cultural Crusade against Islam. What is more, the new geo-strategic design has been crated in such a fashion that the West and its dominant power, the United States, have taken it as their right, even duty, to shape up the Muslim world according to Western standard of humanity. The world has thus entered into a new phase of struggle for dominance much like the old hegemonic conflict on issues of religion and civilization, involving limitless sufferings to humanity.

I believe that Islam, which has had abiding influence on the world for more than 1400 years and in which one out of every four human beings finds the meaning of life, has something to offer to the humanity at large. Most unfortunately however Islam and Islamic values has not yet been the central chord of education even in the Muslim countries, though fostering and nurturing of Christianity has remained the central plank of education in many countries of the West. Of the nearly 1.5 billion Muslims in the world to day, they constitute majority in as many as 57 states and sizable million in the U.S. 5 million in the U.K. 3.5 million in Germany, 5 million in France. Islam, in face, is the fastest growing religion, and some demographers have predicted that within next two decades the Muslims may reach somewhere near 2.0 billion in number.

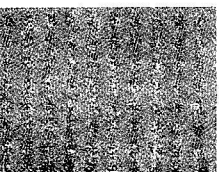

Growing in number is good, but it is better to grow in stature as well. The West, which during the period of ascendancy of the Muslims, from 750 to 1150 A.D, accepted the stewardship of the Muslims and much of the success in such movements as Renaissance, Reformation and Enlightenment was due to their profound debt to Muslim scholarship. Gone are those days, leading to debased sense of inferiority in the Muslims both at the individual and collective levels. It became very difficult to recognize that community after four or five hundred years- the community that raised such brilliant minds as Jabir Ibn Haiwan, Al-Kindi, Al-Beruni, Ibn Sina, Umar Khayyam and so on, who were so many stars shinning brilliantly in the firmament of scientific discovery and intellectual advancement. The situation can be altered through proper education- the kind of education that leads to the creation of knowledge-based society by application of right kind of technology, on the one hand, and proper development of human resources gifted with intellectual skills and spiritual ethos, on the other.

Dear graduates,

after the successful completion of one phase of life you are on the threshold of a new phase, where actions and thought would be predominant. Please think big. Have your feet planted on the solid ground and look at the sky. Let the sky be the limit of your success. Don't be diffident when you see that politics of your country has yet to attain maturity. Don't be disappointed when you find that economy of your society is still in a deep dungeon of dependence, trying desperately to break loose. Look at the society but do not be dismayed when you see it fragmented, disjointed. As skilled architects you have to set things right and make the country a happy haven for all the citizens. We like to live through you for thousands of years. We want to forget the calumnies of our gross failures through your undaunted efforts. The education which you have received will be tested here. Your creativity will be put to real trial here. We are confident, you will win the race. A thrilling victory waits for you. I wish you the best of everything in life.

Thanks.

Prof. Dr. Iajuddin Ahmed, Honourable President of the People's Republic of Bangladesh, and Chancellor of International Islamic University Chittagong, Prof. Dr. Emajuddin Ahamed, the Former Vice-Chancellor, University of Dhaka and Convocation Speaker, Special Guest, members of IUC Trust, Excellencies, friends & patrons of IIUC from home and abroad, esteemed colleagues, graduating students, ladies & gentlemen.

Assalamu Alaikum

I am indeed delighted to welcome you this morning on the occasion of the third convocation of International Islamic University Chittagong (IIUC) at this Bangladesh-China Friendship Centre. We feel particularly honoured by the gracious presence of the Hon'ble Chancellor, distinguished convocation speaker, and dignitaries. This is a day every student looks forward to with pride and great enthusiasm. Today the Hon'ble Chancellor will confer both Bachelor and Master degrees on 2,359 candidates of IIUC.

I am glad that the cherished vision of the government is being materialized through the success of a number of private universities, including IIUC. We are trying to provide quality higher education, thus fulfilling the needs of the society, complementing the efforts of the public universities. Thus we are serving to save a substantial amount of foreign exchange and put a stop of brain drain as well.

Ladies and Gentlemen,

The world has been experiencing a tremendous scientific and technological advancement. But the civilization failed to ensure peace, integrity, dignity and fraternity as a whole. This is the result of disrespect to moral and ethical values. In keeping with its name International Islamic University Chittagong emphasizes to combine values and culture with scientific thoughts and innovations. Proper religion-based education enriches one's spirit and purifies one's mind. It is a crucial force for improving the spiritual civilization and social harmony and has had a profound impact on human lives. With great agony we witness that the Ummah today is going through one of the most critical phases of our history. We realized that time had progressed but in many ways we had not. We must strive for a renaissance of our civilization. Time is ripe enough to recover some of its hallmarks, namely peace, prosperity and dignity. We need to accord priority to education and development of our human capital. The pursuit of academic excellence is a goal we must entrench in our young so that we can recover our dignity that marked the first five hundred years of Islamic civilization.

Distinguished Guests

IIUC is establishing its Permanent Campus at Kumira which is 22 km away from the city centre - the campus is on 35 acres of land in a location of excellent scenic beauty just near the Bay of Bengal. There are already a total of 17 magnificent buildings - several of these are being used as Academic buildings and hostels. Our Central Library named Qatar Central Library is one of the most beautiful libraries in Bangladesh both architecturally and with all modern facilities. The library provides a rich collection of books including journals, thesis works and CDs with 70,000 books, 5800 print and e-journals.

In order to ensure quality education we have on 192 highly qualified full-time and 95 adjunct teaching staff. At present 34 of our full-time staff members are doing higher degrees abroad on study leave from the University. IIUC is one of the few institutions where faculties are evaluated for enhancing their performance.

IIUC always gives importance for research and development work. In the international conference like ICCIT 2005 held in Bangladesh, IIUC researchers submitted the highest number of papers and was ranked 4th position as regards to the number of presented papers.

IIUC is the first University in which CCE and CSE programs have been accredited by the Board of Accreditation for Engineering & Technical Education for fulfilling all requirements.

The university was privileged to organize the prestigious 'National Computer Programming Contest' (NCPC-2004) at its Permanent Campus. This was the third and first ever-NCPC outside the capital city. It was a big opportunity for 300 participants from 72 public and private universities (& 77 foreign teams online) to participate in the contest to demonstrate their problem-solving, and teamwork skills all in a single room.

The performance of our students in various national and regional computer competitions speak everything about the strength of academic and co-curricular progress of IIUC. Since its establishment, IIUC has presented the nation talented, sharp and skilled individuals who are now behind the successful organizations that we see all around the country.

Honourable Ladies & Gentlemen

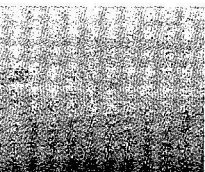

IIUC started its journey with a noble mission to produce a new generation of skilled youths, characterized with academic excellence, moral height and professional expertise. This objective has been worked into the University Requirement Courses, & other activities that make them capable of taking up positions of trust and responsibility in any echelon of life.

The university has been consistently striving towards developing a non-political student-friendly and stimulating environment. Alongside prescribed courses, special emphasis is laid on developing leadership qualities and communication skills in students so that they can cope successfully in their future professional life.

Dear Graduating Students,

I am very pleased to be part of this BIG EVENT - it's like a celebration of an ending and also a beginning. I should ask the new graduates to think globally and use your knowledge and skills effectively. Remember that learning is a process and not an event. A formal education is the beginning and not an end. The challenge you must accept is to make yourself better everyday. Learning is the key to self-confidence and this is the route to change.

I would advise you to believe that you have just reached the doorstep of success. It is now up to you to keep building, differentiating and challenging yourself. After all, you have come from such an institution where success and excellence are synonymous. Passion for learning coupled with desire for success can take you to the pinnacle.

As you go forth into the wider world, our best wishes go with you; may you all by your behaviour and conduct add to the honour and pride to your Alma Mater. I pray that you succeed in discharging your responsibilities. Your parents, your Alma Mater, and the nation as a whole have given you much. Now it is your turn to repay your debt.
May Allah be with you in all your just endeavours.

Distinguished Gathering

Finally I must thank our friends and well-wishers from home & abroad who have so kindly managed time in order to be with us this morning. You who have been with us all through and have helped us to stand on our feet, our hearts mingle with you in appreciation and gratitude.

Once again I congratulate the graduating students and their parents. I also wish '*would be graduates*' success in their future endeavours.

Thank you Mr. Chancellor for kindly conferring degrees on our graduates.

Thank you Prof. Dr. Emajuddin Ahamed for your nice speech.

Thank you distinguished guests, Honourable ladies and Gentlemen for bearing with me.

Thank you.

Allah Hafez.

Speech from Trust Secretary, IUCT

Bismillahir Rahmanir Rahim.

His Excellency Prof. Dr. Iajuddin Ahmed, the Honorable President of the People's Republic of Bangladesh, and the Chancellor of IIUC, the Honorable Vice-Chancellor of IIUC, Honorable Prof. Dr. Emajuddin Ahamed, the Convocation Speaker and former Vice-Chancellor of Dhaka University, the guests of honour, the educationists, Members of different Diplomatic Missions, Members of IUC Trust, the journalists of Print & Electronic Media, the Graduating students, ladies and gentlemen - Assalamu Alaikum.

I, On behalf of the Islamic University Chittagong Trust (IUCT), would like to extend a warm felicitation and welcome to all and everyone of graduating students attending this 3rd Convocation Ceremony of IIUC, today.

Dear students:

I would like to draw the attention of this august gathering that the Muslim Ummah has a glorious record of golden history. For long five centuries the Muslim Ummah had a leading role in patronizing education, establishing universities, producing scholars and making unique contribution to the field of Medicine, Chemistry, Physics, Mathematics, Astronomy and Maritime trades. This had happened while the Europeans were in complete darkness. There was no nation in the globe who could compete with the Muslims.

But now while America and the European nations have made tremendous progress in the field of scientific invention and discovery and they innovated many branches of knowledge and made meaningful contribution to the field of scholarship, the Muslim Ummah is looking at the attainments of the Europeans being astonished and bewildered. Many of us try to explain this backwardness saying that this is the Will of Allah (SWT). Whereas Allah has said: "Allah will not change the fate of a community until they change their fate with their own efforts" (Al-Ra'd: 11). The objective behind establishing IIUC is to bring back our glorious past by trying to change our fate through offering quality education in different branches of modern science, apart from the branches of Shariah.

Ladies and Gentlemen:

We believe that education without religious teaching is devoid of morality and ethical values. It leads the whole nation to corruption and crimes. I hope you would excuse me if I say that any effort for getting rid of corruption or sending poverty to the museum through implementation of man made laws is hardly possible, unless we take shelter to the Law of Allah (SWT) and teaching of Islam. Our continuous effort is to combine morality with quality education to produce a new generation equipped with academic excellence and moral height.

The non-profit character of IIUC ensures reinvestment of the entire operating surplus for the development of the University. Not a single penny from the IIUC fund is distributed to the members of the Trustee Board or transferred to the personal fund of any individual. And for this reason we have been able by the grace of Almighty Allah (SWT) to develop a Permanent Campus at a place of excellent scenic beauty on an area of 30 acres of land at Kumira, Sitakundu, 22 K.m. away from the City center of Chittagong, with a target for extending this upto an area of 150 acres. Within a span of less than 10 (ten) years after starting our Permanent Campus, we have built 05 (five) academic

buildings, four hostels one beautiful Library and one Lecture Theatre. However it is a continuous process. Our next priority is to build a unique mosque, an administrative building and residential facilities for the academic and administrative staff members.

Ladies and gentlemen:

Indeed, the development of IIUC so far, could never be achieved unless we get profound support from our honorable patrons from home and abroad, especially His Excellency Prof. Dr. Abdullah Omar Naseef, the Honorable Chairman of IUCT & Former Deputy Speaker, Majlis-Al-Shura (Saudi Parliament) K.S.A, Prof. Dr. Abdullah Abdul Aziz Al Mosleh, Vice Chairman of IUCT and Secretary General, The Scientific Miracle in the holy Qur'an & Sunnah, Rabita Al-Alam Al-Islami (Muslim World League), K.S.A. H.E. Mamun Abdul Qayum, the Honorable President, Republic Of Maldives, Prof. Dr. Allama Yusuf Al Qardawi, Director, Sunnah & Sirah Research Center of Qatar University, H.E. Dr. Saleh Bin Abdullah Bin Humaid, Speaker, Majlish Al Sura, (Saudi Parliament) K . S. A., H.E.Yousuf Jasem Al Hajjee, former Minister & Chairman, International Islamic Charitable Organization, Kuwait, H.E. Ambassador Naser Hamdan Al Zaabi, Chairman, The Permanent Council For Islamic Solidarity Fund, (OIC) U.A.E., Hon'ble Dr. Adel Abdullah Al Falah, Secretary, Ministry Of Awqaf & Islamic Affairs, Kuwait and the other philanthropists all over the world. I feel great honor to mention the names of some of the organizations and institutions namely Organization of Islamic Conference (OIC), Islamic Development Bank (IDB), The Zayed Bin Sultan Aal Nahyian Charitable & Humanitarian Foundation, Abu Dhabi, U.A.E, Ministry of Awqaf & Islamic Affairs, Kuwait, Ministry of Awqaf & Islamic Affairs, Qatar and International Islamic Charitable Organization, Kuwait, and other organizations & institutions of home & abroad that contributed in the infrastructural development of IIUC Permanent Campus.

On this auspicious occasion I extend my heartiest congratulations to the graduating students and their guardians and record my deepest appreciation to the founders, faculty members, University administration and the respected guests who have jointly contributed to make this august ceremony a success.

May Allah (SWT) give them the best rewards.

Thank you.

International Islamic University Chittagong:

Twelve years of continuous progress

Preamble:

International Islamic University Chittagong (IIUC) is a Private University established in 1995 at Chittagong by a Trust named Islamic University Chittagong Trust (IUCT) with the initiative of a group of Educationist, Social Workers and Philanthropists of Chittagong - the gateway of Islam to Bengal. The Islamic University Chittagong Trust is a non-political, non-profit-oriented voluntary organization, founded in 1990 headed by late Moulana Abdul Jabbar, a renowned Islamic scholar and a religious leader. The need for establishing an Islamic University of International standard was felt due to the absence of Institutions of higher learning based on Islamic vision of education in public sector in any of the two big cities of Bangladesh.

IUC Trust: A Global Body

Islamic University Chittagong Trust (IUCT) is now a body consisting of a group of Intellectuals, Social Workers, Islamic Thinkers & Scholars, Researchers & Educationists of home & abroad, with Professor Dr. Abdullah Umar Naseef, the Ex-Vice-Chancellor of King Abdul Aziz University, Jeddah, K.S.A. and Former Secretary General of Rabetah-al-Alam al-Islami, as its Chairman, Prof. Dr. Abdullah Musleh, the Ex-Vice-Chancellor of Abha University of K.S.A. as one of its Vice-Chairmen, Prof. Dr. Yousuf al-Qaradawi of Qatar University, His Excellency Dr. Saleh bin Humaid, Speaker Majlis-al-Shura (Parliament) and Khatib of Masjidul Haram, Makka Mukarrama, His Excellency Mamoon Abdul Qayyum, President of the Republic of Maldives, Shaikh Nasir Hamadan Al-Za'abi, Chairman of the Islamic Solidarity Fund, OIC and many others as its members.

Academic Programs:

After getting approval of the Government on 11.02.1995 International Islamic University Chittagong (IIUC) started its academic activities with four departments under three faculties and 47 students. Now upon having arrived at its 12th year by the grace of Almighty Allah (S.W.T.), there are five faculties and eleven departments while the number of students has increased to 5594 (10% increase in each year).

IIUC is offering education of International standard in three disciplines under the Faculty of Shari'ah e.g. Qur'anic Sciences, Da'wah & Islamic Studies and Hadith & Islamic Studies, in four disciplines under the Faculty of Modern Sciences e.g. Computer Science & Engineering, Computer & Communication Engineering, Electrical & Electronic Engineering and Pharmacy, in one discipline under the Faculty of Business Studies e.g. BBA and MBA, in two disciplines under the Faculty of Arts & Humanities e.g. English Language & Literature and Arabic Language & Literature and lastly the Faculty of Laws is offering Bachelor & Master degree program in Law.

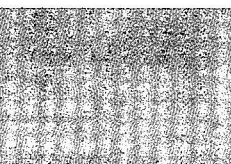

Its Status and Accreditation:

IIUC has been graded as one of the Top graded 9 (Nine) Private Universities of Bangladesh by the High Power Evaluation Team constituted by the then Prime Minister headed by the Chairman of UGC in 2002.

IIUC is the first University which has been accredited by the Board of Accreditation for Engineering & Technical Education (BAETE) for fulfilling all requirements in its CCE & CSE programs.
