I am extremely glad to welcome all of you in this grand and happy occasion prior to the commencement of this trimester.

International Islamic University Chittagong (IIUC) organizes such program to introduce and acquaint the freshers with its procedures, systems, supports, mission and vision.

I believe that you have rightly chosen IIUC as a seat of further learning. I am confident that you will be provided with all the opportunities in this university to get proper education in your subject of study and also to inculcate the moral values for character building. I hope that this day is going to be a start of a successful career for your future life.

IIUC is firmly committed to maintain and ensure high standard of education and morality. As a result, the University has earned applausable reputation within and outside the country by keeping strong foothold amongst the few top universities out of 95 private universities currently functioning in Bangladesh.

IIUC follows innovative approach to higher education which is unique in nature for the country and globe. The objective of IIUC is to create a new generation of youths who will be equipped with academic excellence, professional expertise adorned with moral height. IIUC, besides imparting knowledge in various disciplines, is striving to inculcate moral and spiritual awareness among the students through its pragmatic curricular programs and training.

It is my expectation that the newcomers like you should try your best and leave no stone unturned to derive maximum benefit from this university. Moreover, in this orientation program, the freshers, through frank interaction with the teachers and officers, will be able to attain first-hand idea of their beloved alma-mater that has been chosen as their institution of higher learning and research.

A.N.M. Shamsul Islam

Chairman, Board of Trustees
International Islamic University Chittagong

I gladly congratulate the freshers for selecting IIUC for pursuing their higher studies and welcome them in the holy arena of this seat of knowledge with warm felicitations.

Alhamdulillah, within a short span of time, IIUC has been remarkably successful in gaining the confidence of people at home and abroad through its sincere and ceaseless efforts for offering quality education in various disciplines of higher education with a difference and in a congenial atmosphere. Our commitment to quality education has really made our mark among the private universities of higher knowledge in our country.

Muslim Ummah must make sincere effort with all strength and resource they possess to regain its effaced dignity and leadership. With a view to contributing to this noble mission, IIUC came into being in 1995. IIUC graduates are unique in academic excellence along with moral awareness. Many more Alma Maters like IIUC should get increased in number to spread Dawah & Islamic education. My utmost dream is that International Islamic University Chittagong will turn into a beacon to guide the deviated Ummah.

I thank the Faculty of Business Studies for organizing an orientation program for the newcomers.

May Allah bless us all.

Prof. Dr. Delawer Hossain

Pro Vice-Chancellor (In-charge)
International Islamic University Chittagong

Dear Students,

Assalamu likum Wa Rahmatullah Wa Barkathu

At first, I express my wholehearted gratitude to Almighty Allah (s.w.t) for His kind blessings bestowed on all of us. I am delighted to offer my heartiest welcome and congratulations to all new students of MBA & MBM program at the International Islamic University Chittagong (IIUC) for the excellent choice that they have made where every student is encouraged to reach his/her highest potential.

Unlike most private Universities in Bangladesh, IIUC is blessed with a beautiful campus situated at Kumira, Chittagong, surrounded by gentle hills that carry a message of protection and perfection in beauty where both Teachers and Students can devote themselves to create Knowledge. This campus is also not very far from the Bay of Bengal but away from the bustle of the city.

IIUC has a distinct Mission and Vision which drives its objectives, motto, education policy and evaluation system. A brief description on IIUC's Mission, Vision, Objectives and Expectations are given below.

1. Mission, Vision and Objectives of IIUC:

1.1 The Mission of the University is to produce through the pursuit of education properly trained up manpower to contribute to socio-economic development and moral upliftment of the society and to cultivate in our students expertise as well as ethical sensitivity, intelligence and an ability to think independently beyond their areas of study, so that they can sustain justice in all walks of life.

1.2 The Vision of the University is to offer nationally competitive and internationally recognized opportunities for learning to make this University as the Centre of Excellence in different areas of scholarship, like Shari'ah and Islamic Studies, Business Studies, Social Science, Science & Engineering, Arts & Humanities, Law, and such other faculties that will be introduced in future. Its door is open to the admission seekers from all over the world, regardless of race, region and religion. This university cherishes the dream of becoming one of the highest seat of learning and creator of knowledge in the South East Asia.

1.3 The objective of the University:

a. To create a new generation of competent youths, who will be equipped with academic excellence, professional expertise and adorned with moral height.

b. To follow a policy of continued Modernization of Knowledge and academic curricula in different disciplines of education so that its students can imbibe the true spirit of religious value as an effective guiding principle in their profession and daily life.

1.4 The Motto of the University is to "*Combine Quality with Morality*".

2. The Characteristics of IIUC and its Action Plan:

The characteristics of IIUC and its action plan for attaining the above mentioned Mission, Vision and Objectives can be summarized as follows:

2.1 Teaching Methods: Outcome-based education (OBE) and Bi-Semester system of Continuous Quality Improvement (CQI) through self-examination and external review. In this process students are evaluated throughout a course of study rather than exclusively by examination at the end. It is multidimensional based on student's (a) attendance in the Classes (b) performance in Assignments and Class Tests (c) Scores in the Mid-Term and the Final Examination (d) Lab. Reports (e) Thesis/Project/internship, (f) Presentations (g) Viva-voce (f) Industry visits (g) Co-Curricular and Extra-curricular activities.

Under this system, a student must be very regular, work hard every day to ensure a high grade in each course. The continuous evaluation process automatically filters lazy and indifferent students with no real desire to seek knowledge from the active and aware ones. Viva-Voce helps a graduate to gain confidence in their own ability, and provides a final wake up call to take learning seriously.

2.2 Teaching Policy: The University is committed to the success of students in its undergraduate and master's programs through high-quality instruction and learning experiences. IIUC follows an Integrated Education Policy, by which a student achieves holistic learning through awareness of his surroundings and other relevant knowledge bases. IIUC emphasizes the diffusion of scientific, technical and professional knowledge on the one hand, and building up of character in youth by making religion and ethics an integral part of education on the other. In this regard, there are some courses for the students of all Faculties at IIUC, which are not a part of the main curriculum of the Departments, but those are named as University Requirement Courses (URC). We aim to provide our students life-long foundation in values, ethics, and cultural understanding.

2.3 Morality Development Program: IIUC offers studies on the values of mutual respect and peaceful co-existence through the courses under the "Morality Development Program (MDP)" for all students of the university irrespective of caste, creed or religion.

2.4 Co-Curricular and Extra-curricular activities: IIUC supports student participation in a broad array of Co-Curricular and Extra-curricular activities as an integral component of its commitment to student life and

success. These activities mainly include leadership training, cultural, environmental, recreational and social activities, debating and public speaking programs, intellectual discussions, games and sports, excursion and study tours at home and abroad to complement their academic pursuits. By these activities students develop the capacity to express out themselves properly, maintain personality and learn to respect others through the mutual understanding among people of various regions, religions, beliefs and cultures. All Co and Extra-curricular activities are run by the clubs named after the Departments such as Computer club, Business club etc under the close supervision and monitoring of Students Affairs Division (STAD).

2.5 Student Advisor: IIUC provides academic career and student welfare counseling by the Student Advisor of the respective section of students under each Semester.

2.6 An International Atmosphere: IIUC has succeeded in attracting students from abroad with scholarship. Foreign students are graduating under the Faculties of Shariah & Islamic Studies; Science and Engineering, Business Studies, Arts & Humanities and Law. Presently about 200 students (both male & female) from China, Nepal, India, Sri Lanka, Maldives, Somalia, Ethiopia, and Nigeria are studying in IIUC in different programs. We have a target to increase the provision for admitting foreign students up to 10%.

2.7 Financial Assistance to general Students: IIUC offers generous financial support and fee waiver to its students under different categories. e.g.

- i. Waiver on the basis of SSC & HSC results. (25% to 100%)
- ii. Waiver to the wards of Freedom Fighters (up to 100%)
- iii. Waiver on the basis of Semester result. (up to 75%)
- iv. Waiver if two or more siblings/spouse studies at IIUC simultaneously. (up to 25%)
- v. Waiver to the poor students (on case to case basis)
- vi. Corporate waiver in EMBA program if certain number of officers is enrolled from a single organization.
- vii. Apart from the above categories, a good number of IIUC students also enjoy scholarships at different rates, sponsored by Islamic Personalities or Organizations at home and abroad.

2.8. Facility for Studying abroad with Credit Transfer:

Many students have got Credit Transfer facility at different prestigious Institutions & Universities abroad. Some of them have even secured full scholarship upon proving their worth and satisfactory performance. To mention, some of these institutions are the Al-Azhar University in Cairo, Cape Breton University in Canada, various universities in USA, Germany and Sweden, and the International Islamic University of Malaysia (IIUM).

3. Membership of prestigious organizations and signing up MoU with renowned institutions:

**MBA & MBM
Orientation
SPRING 2018**

3. Membership of prestigious organizations and signing up MoU with renowned institutions:

IIUC has succeeded in securing membership of prestigious organizations such as the Federation of the Universities of Islamic World (FUIW) under ISESCO and the Association of the Commonwealth Universities etc.

IIUC has entered into a Memorandum of Understanding (MoU) with 22 Institutions of higher learning in Asia, South Asia, Africa, North America and the UK. IIUC has recently entered into a MoU with IEEE and succeeded to open an IEEE Students Branch (Male and Female) under the Faculty of Science and Engineering. British Council Satellite Library has established at IIUC.

4. Agreement on PhD Collaboration between USIM, UniMAP and IIUC.

A Memorandum of Agreement (MoA) was signed on 6 April 2014 between Universiti Sains Islam Malaysia (USIM) and International Islamic University Chittagong (IIUC) to offer PhD Program of USIM for the faculty members of IIUC. As per agreement, IIUC nominated candidates for admission and the qualified faculty members will be supervise by USIM and IIUC. Main supervisor will be the regular faculty members of USIM and USIM is the authority to award the Degree. In the month of August 2017, similar agreement has been signed with UniMAP, Malaysia.

5. Separate arrangement for Female Students:

One unique feature of IIUC is the availability of a separate arrangement for the female students. Currently, more than 3000 (Three thousand) female students are studying at IIUC at a conducive environment in the separate buildings.

6. IIUC in the eye of the Muslim World & Islamic Scholars:

IIUC is regarded highly by various Muslim Organizations and Institutes. This is due to the fact that the expectation of the leaders of the Ummah from IIUC is very high. Many would like to see IIUC as a Center of Excellence in the contemporary Muslim world, and as such, they always try to contribute to the development of this University with all their abilities and sincerity.

7. Our Responsibilities:

In the context of the present situation, our responsibilities are many to IIUC, to our students, to the society, to the country and to the Ummah at large.

7.1 To the IIUC & its students:

Our responsibilities to the IIUC and its students are:

1. To equip ourselves with world class knowledge and high professional expertise to become not just professionally versatile individuals, but also individuals who can tackle the challenges of the contemporary world with global standard knowledge and expertise.
2. To try to make students become good citizens equipped with all the basic human qualities and capable of being all-rounded personalities.
3. To uphold morality and principles of ethics by ourselves and guide our students to attain that quality.

4. To play for the students the role of a Mentor (Murabbi) and not just a Teacher.

7.2 Our responsibility to the society and Ummah is to present before the society a new generation of youths who are capable of taking up positions of leadership in various aspects and who can fill up the vacuum where the society has been suffering from for long as well as to play an active role in learning from the glorious past of the Ummah to build a brighter future for this century.

Dear beloved students,

Today our world is faced with unprecedented challenges as well as opportunities. New understandings of human behavior and the brain, along with advances in technology, have opened the door to remarkable new possibilities for teaching and learning, both face to face and online. In this regard you have to make best use of your time in the classroom and you shall have to connect people and intellectual resources beyond the classroom to enhance what happens inside it. So, develop a thirst for knowledge by tapping the vast potentials of information technology and internet to keep you updated and informed of the current changes. Remember, a good student is he who keeps in his mind that he has to serve his nation by making himself a positive character of society.

Do not feel that you are ever wasting anyone's time pursuing your curiosity or your interest. That is what we are all here for. It's a time to learn. It's a time to expose yourself, as you likely will only do during this period in your lifetime, to ideas that are completely different from what you have done, what you have seen, perhaps even from what you will see. Of course life at university is much more than study. It is a time of enormous personal growth through new pursuits and the development of friendships.

There is no more important responsibility for any of us as members of the faculty than teaching and working with the students of IIUC. I urge you to abide by the rules and regulations that govern student conduct because at the end of the day you can only have to blame yourselves if you do not achieve what you came to do in this University.

You are entering the arena of higher education when the future is full of opportunities and promises. I assure you that once you are ready to have post-graduate degree; there will be a lot that remains in you for the rest of your life. Once again, I welcome all of you from the deepest core of my heart to be a student of IIUC. I wish you a sound health with the peace of mind and a successful life.

Allah guides you all to the path of success.

About 4000 students are studying in various departments.

Having being assigned with the custodianship of the female section, I extend my heartfelt thanks and congratulations to those who shall pursue their study in the female section. Student Affairs Division-STAD

A. Z. M. Obaidullah

Director-STAD

International Islamic University Chittagong

My Dear Freshers,

Assalamu Alaikum Wa Rahmatullahi Wa Barakatuhu.

A very pleasant good morning to you all.

Student Affairs Division or STAD is one of the administrative divisions in IIUC. We don't find any such division in our Public or Private Universities. Following the footsteps of International Islamic University Malaysia, IIUC decided to introduce this division with great enthusiasm to develop our students physically, culturally and mentally.

Roles and functions of STAD:

To organize and conduct student-related programs.

To provide training and instructions to our students.

To explore the potentials of the students.

To recommend, approve, coordinate, advise and monitor programs.

STAD aims at attaining and developing outlooks and characteristics like faith in Allah, correct Islamic knowledge, proper practice, Ukhuah, mutual love and respect, encouragement of students' active participation

in co-curricular activities to create in them critical, rational and strategic mind, skill development, discipline and leadership. It also works for promotion of the philosophy and objectives of IIUC.

STAD Units:

IIUC has many programs under different units of STAD such as,

1. Leadership Training Unit, which covers Dynamic Leadership Training Camps (DLTC), Leadership Training Program (LTP), etc.

2. Student Activities Unit, which covers mainly seminars, symposia, discussion meetings in observance of important national and Islamic days and occasions, Orientation Program, convocation, formation of nuqaba council, formation of clubs and societies like debating club, games and sports club, literary and cultural societies.

3. Sports and Recreation Unit, which covers annual sports, intrauniversity competition, indoor and outdoor games, tour to historical places and business organizations, pleasure trip/picnic and study tour at home and abroad.

4. Public Speaking and Cultural Unit, which covers debate competition, essay competition, cultural festival, award giving ceremony, computer club and IIUC literary society, public lecture series, etc.

Activities of Business Club, DBA, IIUC

5. Hostel Unit, which coordinates the hostel activities, allocate seats for the students and works as member secretary of Hostel Management Committee.

6. Student Service Unit, which covers services like photocopying, teleCall, e-mail, fax, laminating, etc.

7. Counseling and Career Guidance Unit, which covers group and individual counseling, career and job placement, preserving CVs of the graduates, advising students to solve their problems. IIUC organized a successful Job Fair in 2003.

8. Special Unit, which covers general administration, notices/letters regarding different programs and issues, publishing brochures, leaflet regarding student activities, Study Class and others, publication of IIUC magazine.

9. Disciplinary Unit, which covers introduction of Students' General Discipline Rules, holding Discipline Committee meetings, issuance and preserving all show-cause notices and replies thereto, circulation of

decisions of the Disciplinary Committee to departments / students / divisions concerned.

Following are some of the rules and regulations not mentioned in the papers:

1. Every student should have comprehensive knowledge about the University, Semester System, Grading Systems, Examination rules and all other academic matters, regarding different divisions such as ACAD, STAD, ACFD, PHRD, SDSWD, PPD, FAD and LID. And one can learn this from the booklets & pamphlets already available in the office.
2. IIUC has not introduced any uniform for the convenience of the students but introduced a unique dress code. Students must come to the University in a befitting dress as described in the attire and dress code. Students must come with matriculation card or ID. Security personnel have right to refrain one from entering the campus without ID and proper dress.
3. Usually the office time of IIUC is 9.00 A.M to 5.00 P. M. Library and laboratories are kept open till 8.00 P.M. everyday. Students are advised to come to the Campus keeping 30 minutes time in hand before the scheduled class. While you enter the University go to the notice boards, see whether there is any notice for you. It may help you a lot.
4. Offer salam with smiling face to teachers, friends and everybody you meet in the Campus. Salam makes people friends and eliminates bitterness.
5. Attend the classes timely. Put your signature in the attendance sheet.
6. Try to conversate, exchange views in the classroom or in the office room either in English or in Arabic. Try to develop an international environment.
7. Student politics is strictly prohibited in the Campus. You may have your own political opinion but don't express that in the Campus or Hostel. Here your first and foremost priority is Study.
8. IIUC is a smoking free zone. Whether you like it or not, you are not allowed to smoke in the campus or hostel. Comply with government act regarding this.
9. Keep your University neat and clean. Don't spit here and there. Use the dustbins. Don't write on the walls, chairs, tables, etc. Please give us note regarding anything you know that spoils beauty and cleanliness of the University.
10. Honor everybody, take care of your juniors and pay heed to your seniors. Think everybody as Ashraful Makhluqat regardless of age, profession, religion, etc.
